

PERMA-PATCH®
FOR THE ROAD AHEAD

**DOT
APPROVED**

PREMIUM POTHOLE & CRACK REPAIR PRODUCTS

Perma-Patch has been manufacturing and selling permanent pavement repair solutions for over 30 years. We are excited to announce the addition of crack sealants to our established line of pothole repair products.

PERMA-PATCH®
PERMANENT PAVEMENT
REPAIR

Perma-Patch is a proprietary pressure activated pavement repair material that hardens by compaction, accepts traffic immediately, and bonds permanently to asphalt, concrete, metal, wood, but NOT rubber tires. When you choose Perma-Patch, you choose to save time & money by fixing your pavement repair problems the FIRST time. Just Open, Pour, and Drive.

BLACK FILL

PENETRATING ASPHALT REFINISHER

EXTEND THE LIFE

OF YOUR PARKING LOT, DRIVEWAY, OR ROAD

FOR A FRACTION OF THE COST

Perma-Patch Black Fill utilizes revolutionary technology that enables you to seal deep cracks while restoring the surface's top coat at the same time. That means you can renew your pavement for a fraction of the cost of repaving. With no need for heavy equipment, you can fix your pavement issues immediately with zero hassle, while also saving money.
