NEW PRODUCT

PERMA-PATCH AQUA™

The Asphalt Repair You've Never Seen Before

Wet It. Set It. Forget It.

Skip the crews, machinery, and dry weather windows. Perma-Patch® Aqua pours easily straight from the pail, levels in seconds, and hardens on contact with water.

50 lb Pail
PPAQ-50-P

Specially Formulated For:

PERMA-PATCH®

AQUA

HIGHWAYS

LOCAL ROADS

DRIVEWAYS

PARKING LOTS

UTILITY CUTS

Why Everyone's Choosing Aqua

Water-Activated Technology

Fully workable, then hardens on contact with water.

Hot Pour Strength

Same durability as hot pour, straight from the bucket.

Cuts Costs, Saves Time

Avoid expensive repaving and road closures.

Fast Hardness for Heavy-Duty Repairs

Seal coating prep, utility cuts, and large patches made easy.

Built to Last

A repair that locks in and stays strong.

Ready to get started?

If you're maintaining roads, lots, or walkways and need a true one-and-done solution, Aqua makes it simple. Scan to learn more and see how Perma-Patch® Aqua gets the job done.
