

NEW!

BLACK ELIXIR™

SEAL COATS

THE FINAL STEP IN COMPLETE ASPHALT REPAIR

Introducing the Black Elixir™ sealcoating line, a professional-grade system crafted to restore, protect, and prolong the life of asphalt surfaces. Designed for high performance and user-friendly application, Black Elixir™ seal coats provide a rich, deep black finish while enhancing pavement durability against daily wear and tear.

Now featuring **Black Elixir Pro™** and **Black Elixir Max™**, Perma-Patch offers solutions that cover the entire road repair lifecycle – ensuring you have everything you need from repair to protection. Check the back to find which seal coat suits your needs best.
